Message from the President

Greetings and warm regards!

On behalf of the students, staff, faculty and administration, I'd like to welcome you to International American University!

IAU celebrates its 20th year as a flourishing Southern California business school college since 2005. IAU is recognized in Los Angeles for its vibrant location off Wilshire Blvd., competitive tuition, friendly staff and instructors, flexible program schedule, convenient class offerings, and fun campus student activities. IAU is not about student population, campus size, or sports teams. IAU focuses on affordability, screening criteria for admissions, and student to instructor ratio, fun student activities, and its Blue Eagle culture.

For 2025-2026, IAU is poised for growth by adding new programs and domestic and international satellite campus locations. IAU is proud to announce the new International Satellite campus in Ras Al-Khaimah (RAK), United Arab Emirates.

No matter which academic pathway you choose, advisors will guide you throughout your university career, professors will help you succeed, and your fellow Blue Eagles will support you every step of the way. We all work together on IAU's beautiful campuses to make sure you complete your goals here and move on to careers or further education.

Soar high, Blue Eagles!
